— THE GEOGRAPHY OF AN IDEA

One Cairo. *Seven cuisines.* Every dessert worth borrowing.

Cairo sits at the crossroads. Seven cuisines are within a plate's reach. The brand argument lives in that meeting.

— COMPETITIVE MAP

The category is *crowded*. The white space is not.

Eight reference brands within 15 minutes of Nilos Bay. None tells a cross-cultural story. None earns the cosmopolitan shelf with confidence.

Twelve cuisines.

One rule: earn the shelf.

Each tradition was tested for fusion potential. Many didn't survive. The ones that did taught us the rule: *chemistry first, story second.*

THE LONG LIST

Forty-five concepts.

Most of them died.

A scrollable wall of every fusion we considered. Each one tested against the chemistry filter and the readability filter. The survivors became the family.
